

Ngunnawal land Scar Tree

Cooinda Cottage Philosophy

Lifelong learning begins at birth

Life learning is central to our curriculum and pedagogical practices. We value the organic nature in which learning occurs for individuals. We aim to provide inclusive learning opportunities that invest in and for, the future years.

Childhood is unique

We aim to provide memories for children that invest in who they are and all they can be.

We are part of the community and community is part of us, on Ngunnawal land

We are all visible. We are all respected. We acknowledge all strengths and contributions – yesterday, today and tomorrow. We connect in and to our community, by the land on which we meet, and our shared values.

Rights and fairness is for everyone

We are advocates for fairness and social justice – for all. Respect, unity and social richness are deeply valued within our team.

Professional educators is who we are

We take responsibility for articulating our professional values, knowledge and practice and the positive contribution our profession makes to society.
